

NATURE OF THE PRODUCT

Environmental-friendly product ready for use for releasing wood formwork. Developed in WINKLER Research & Development Laboratories.

USE

Product used for releasing wood formwork. Suited for vapour or natural seasoning. It guarantees good painting and plastering without breakaways and no formation of superficial stains.

PREPARATION OF SURFACES

Carefully clean the base in order to remove: dust, oil, grease and any foreign bodies or substances impeding adhesion. Apply on a dry surface.

RECOMMENDATIONS

No additives required.
Do not use if the container is damaged.
Do not add water.

WARNINGS

Before pouring, make sure that the product is completely dry.
We recommend applying at temperatures between +5°C and +35°C. Shake before use.

APPLICATION

The product is ready for use and can be applied using a roller, hand brush or an airless gun. When applied using a brush or a roller, put the right pressure and apply until you have obtained a homogeneous distribution of the product on the surface. When applied using an airless gun, spray several times in order to avoid sagging (if this should happen, remove the material with a dry cloth).

CONSUMPTION

30 - 40 ml/m².

PACKAGING

5-20 litre jerrycans.

STORAGE

If the product is stored in its unopened original packaging in a dry and protected place, shelf-life is 12 months. Frost sensitive. Store at temperatures between +5°C and +35°C.

SAFETY STANDARDS

CAUTION

For information about safety standards, users must refer to the most recent Safety Sheet drafted in compliance with currently applicable Safety Standards, containing physical, toxicological and other data about the product used.

ECOLOGY

Dispose of the product and/or empty packaging in appropriate sites. For further information about waste disposal, see the most recent Safety Sheet.

TECHNICAL DATA (average values)

PRODUCT FOR PROFESSIONALS

PRODUCT DATA

Appearance:	fluid
Colour:	milky
Density at 15° C:	0.990
Flash point C.O.C.	non-inflammable

The information contained in this technical data sheet is to the best of our knowledge correct. However, by no means can it be considered a guarantee, as usage, working area and application of the product in accordance with the instructions given and their success in application is beyond our control and is dependent on a number of factors. We decline any responsibility for the improper use of the product as the application recommendations contained herein are to be considered as a general guideline. If at all in doubt, preliminary tests should be carried out. WINKLER S.r.l. reserves the right to modify and up-date said data sheets without prior notice. Clients are kindly requested to verify that they are in possession of the current edition.
